UI Concept for Android OS

Navigation overview

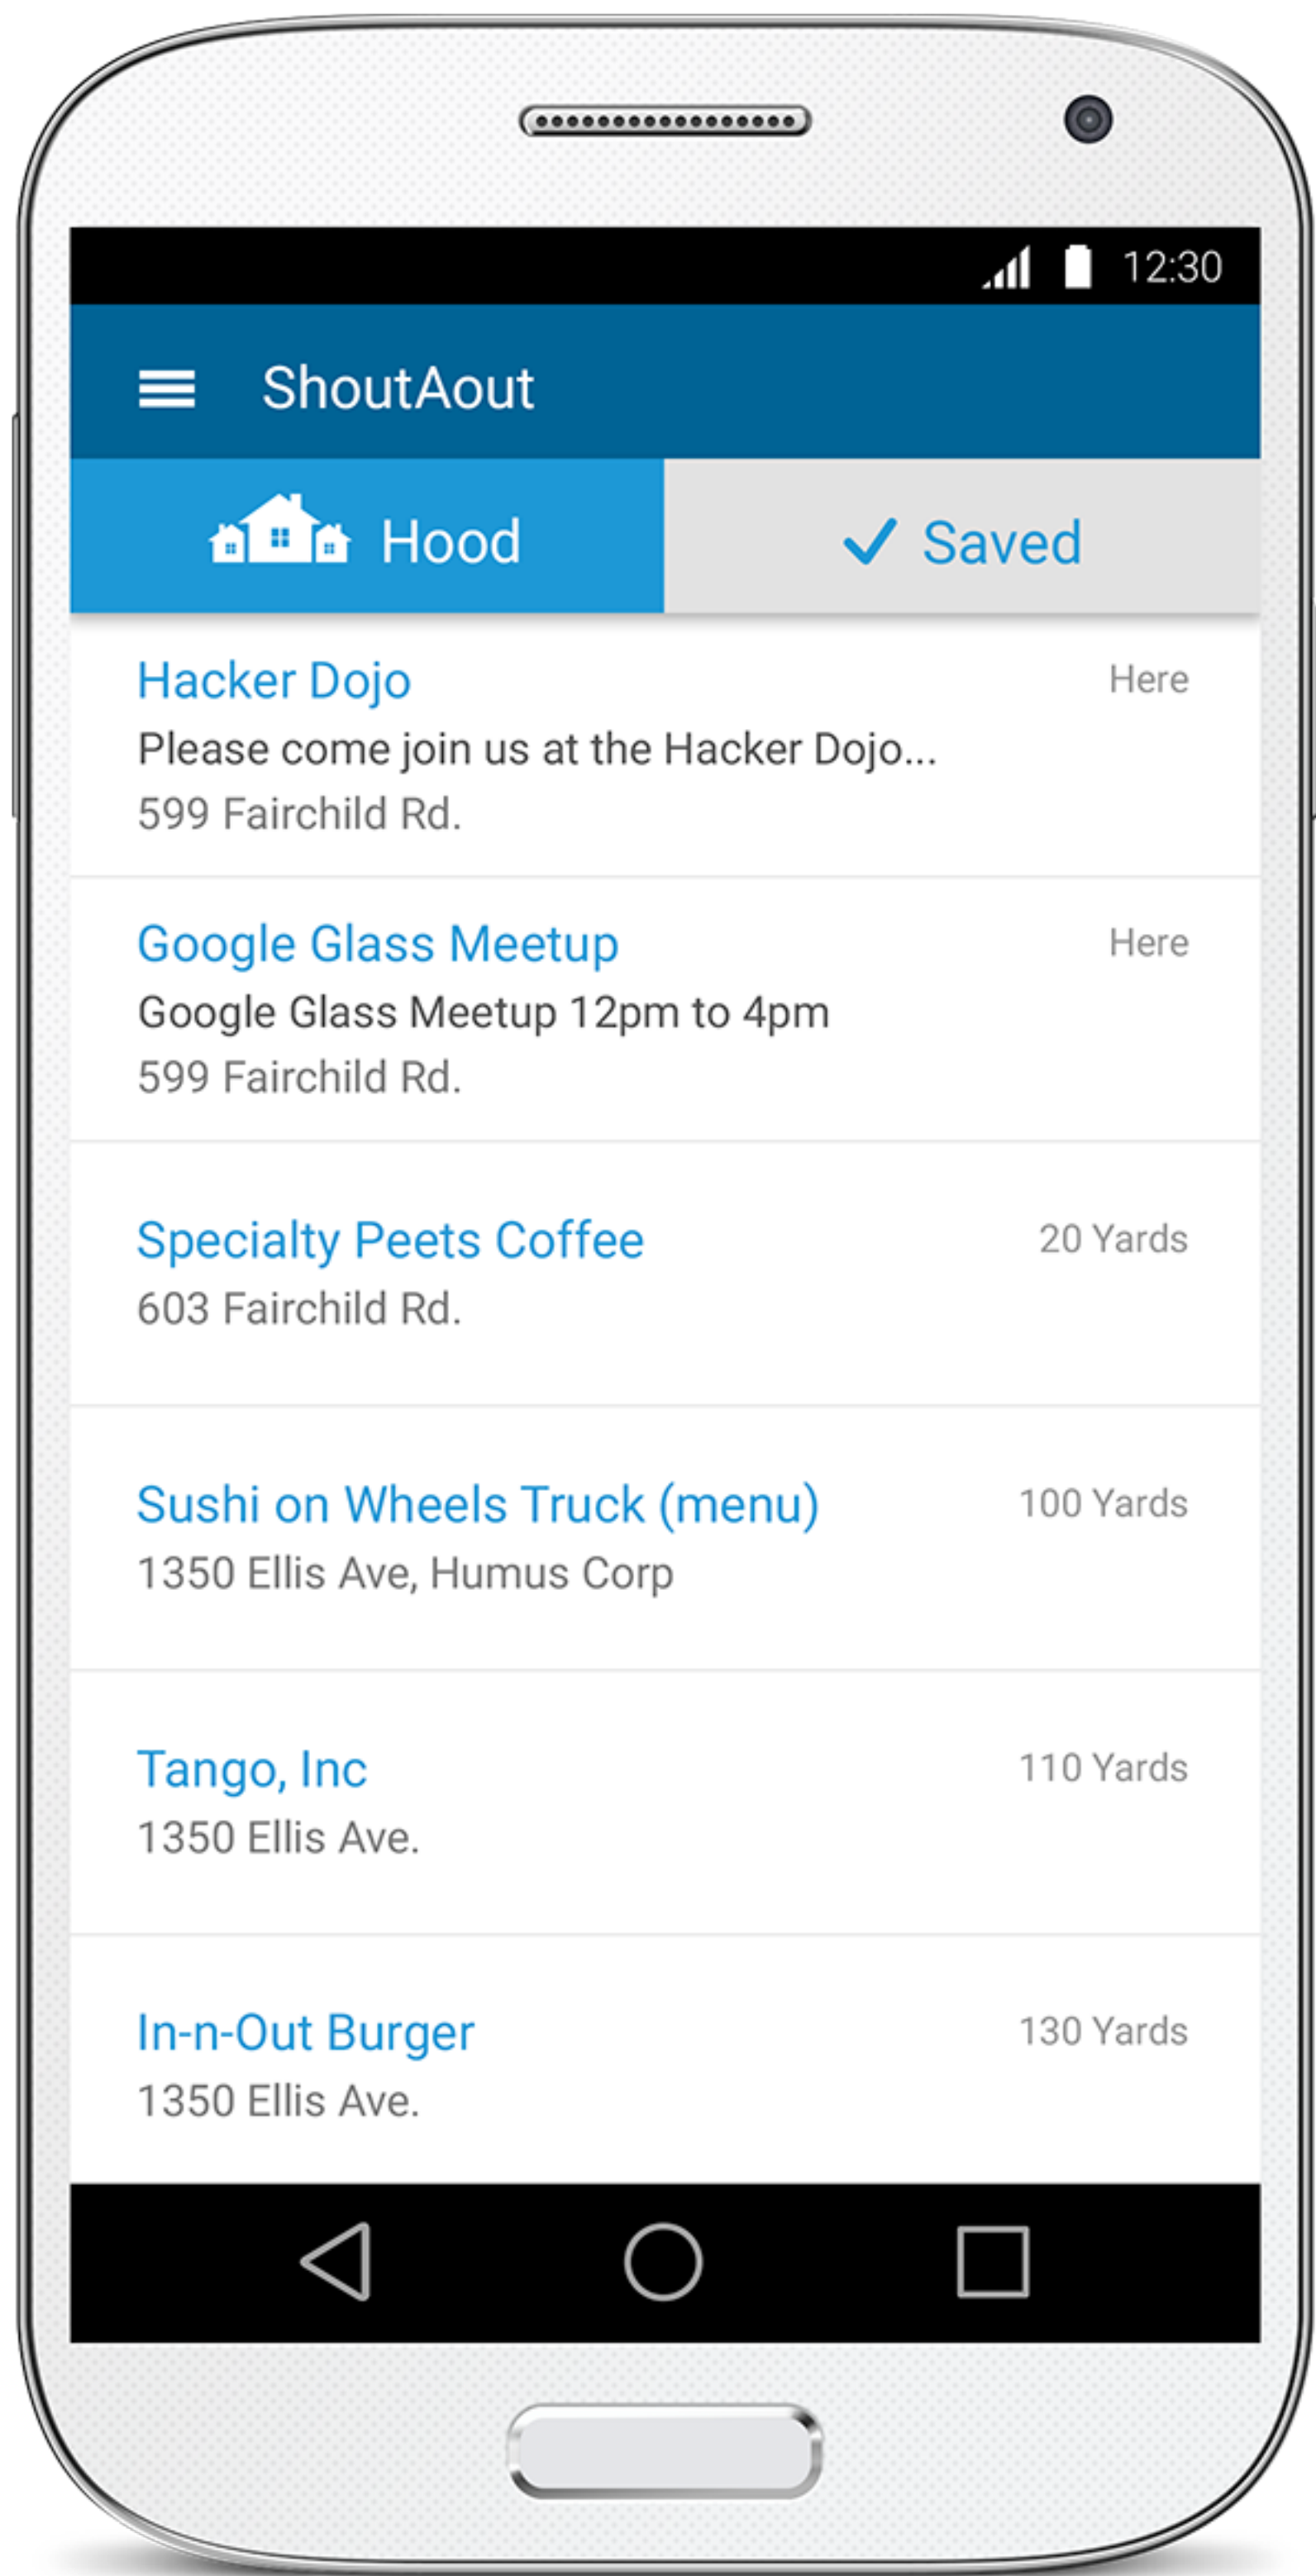

- 1- Primary Drawer menu
- 2- Android guidelines recommend no back button. Use hardware's.

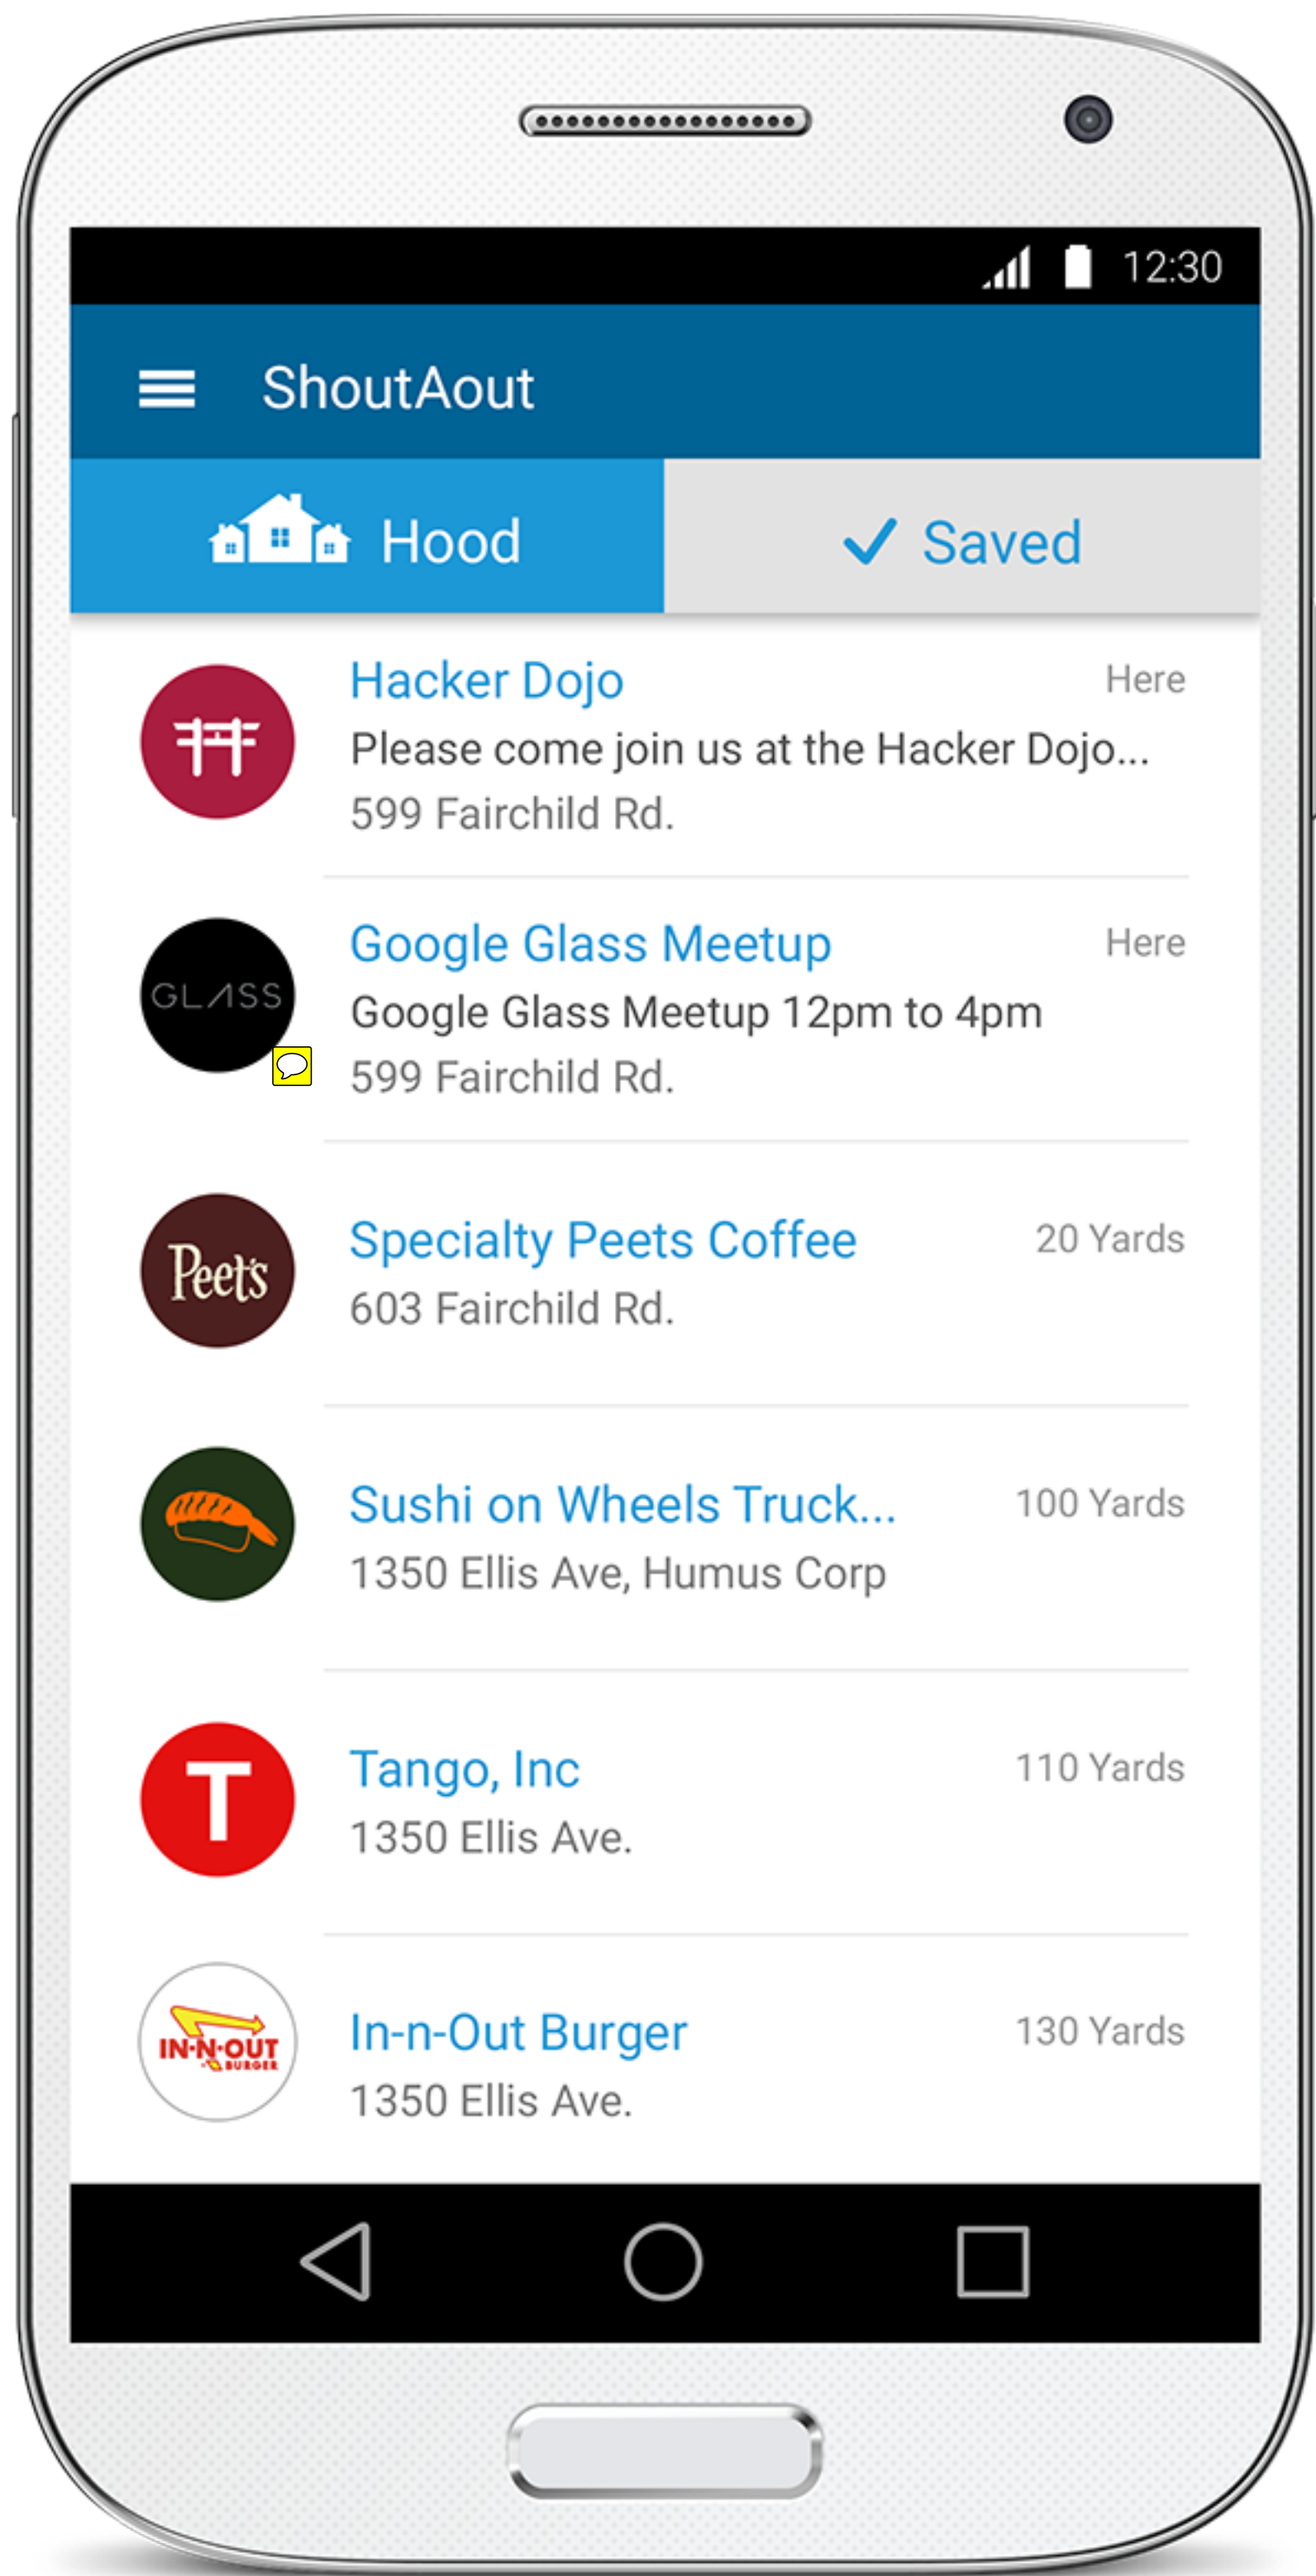

A second drawer menu can be added.
Example: Facebook

- 1- This represents the Home, Back and Settings buttons on the hardware. Not part of the UI.
- 2-Settings menu contains a native menu for the app.

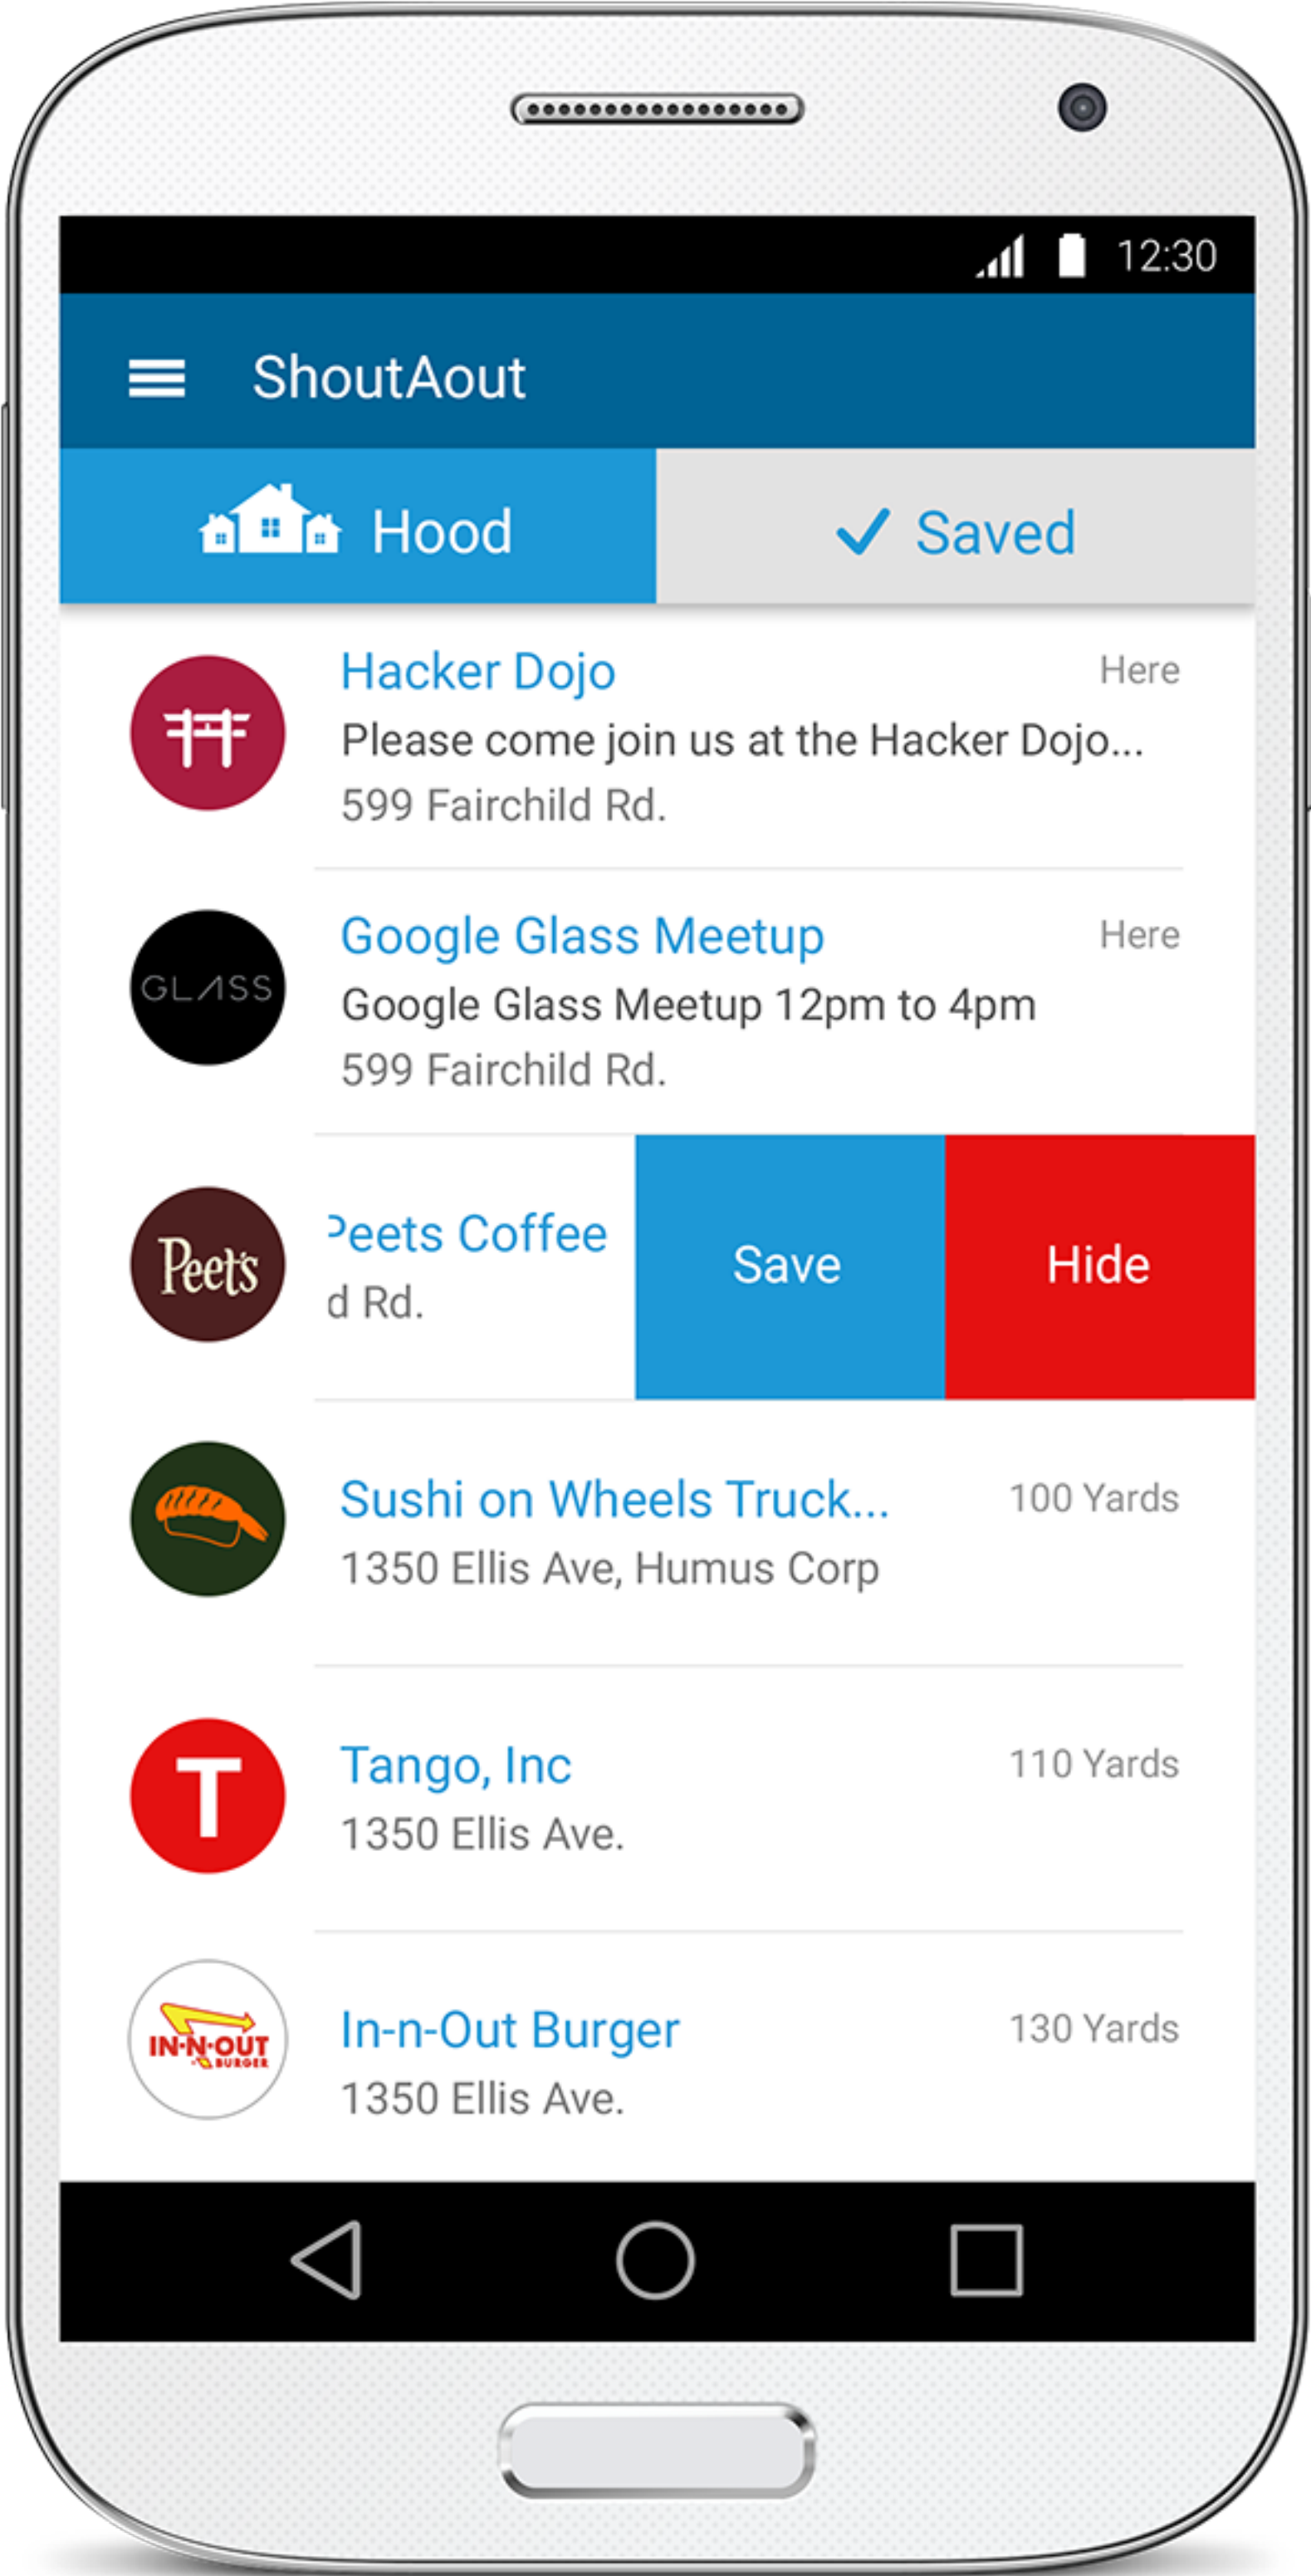

Landing Concept 1 -No Profile Image-

Landing Concept 2 -With Profile Image-

Landing Concept 2 -Hide & Save-

Thank You
