Fig 1: Landing Page/Home Board(s) View ShoutAut = Retresh in Fig 1

Either "recent wifis user was on" or recent Boards...TBD

Fig 2: The Chat's full Post and Thread (If any)

Slide right a Chat to Reply to a Chat? (instead of Lng Prss?

Confidential and private document.

Fig 4: Post compose.
(If from Fig 1)

Fig 4b: Chat compose. (If from Fig 2)

"@Berkeley" is the chat beging replied to. In the above example, the System has inserted that, because the user had long pressed the Post (Top-Chat/Post) or one of the other Chats at Fig 2.

User can move the cursor to remove it.

Fig 9-b: MyPlaces view - Only is from Fig 1 and Fig 4. (not Fig 4b)
